BROOKLYN

"New York City's Greatest Borough"

The facts and statistics of Brooklyn's industrial and commercial development, as well as its community of homes, well justify its slogan of "New York City's Greatest Borough". Besides including the geographical center of the city, Brooklyn is also the most populous of all the boroughs.

Originally, Brooklyn was a group of small Dutch settlements which survived despite frequent attacks by Indians. It was largely agricultural until permanent means of transportation and communication were established across the East River. The borough played a prominent part in the American Revolution and in other wars in which this country was engaged.

Today, Brooklyn, besides being known as a city of homes, is the nation's foreign trade center, one of its largest and most varied industrial communities, and a commercial establishment outranking all but a few of the country's cities. Yet, despite its huge size, its position entitles it to look forward to a greater and even more important growth in the future.

AIDS TO PROPER MAILING

Write name and address plainly and completely.
Place name and address of sender on all mail matter.
Prepay postage fully.
Use street and number in return address on your envelope and also letter heads.
Always address mail for city delivery to street and number, and request correspondents to do likewise.
Use designation North or South, West or East when it is a proper part of the address and save delay in delivery.
Insure valuable parcels.
Wrap parcel post carefully in heavy paper, and tie knots securely.
Do not use cards or envelopes smaller than a Government Postal Card.
Avoid the use of the word "City" as a part of the address. It may result in delay.
Avoid abbreviation of state names. Pa., Va., and La., frequently look very much alike when written. It is difficult to distinguish between Me., Mo., and Ind., or Cal., and Col. The abbreviation recommended for Colorado is Colo., and for California is Calif.
YOU WILL OFTEN GAIN A DAY'S TIME IN DELIVERY BY DEPOSITING MAIL AS SOON AS IT IS READY.
Pamphlets showing the hours "Mails Close" at the post office, and the time in transit between all of the large cities in the United States, may be had upon application to the Superintendent of Mails.

ASK
your Architect—

to make provision—*in the plans*—for telephone conduit (inexpensive ordinary pipe) to be placed in the walls when you build. Then you can have modern telephone outlets where you want them. There will be no exposed wiring on base boards or moldings to mar the appearance of your rooms.

After the house is completed, wall insulation, fire stops, and concrete construction may make it impossible to run telephone wiring through walls.

Call the Business Office for complete information. New York Telephone Company.

If Mother and Dad live too far away to visit often—talk to them by telephone. Long Distance rates to most places are reduced after 7 p.m. and all day Sunday.

Many More Women
HAVE DISCOVERED THE MAGIC
in the words SHOP BY TELEPHONE

The things now being ordered by telephone include practically everything in the home. Every day busy women order their groceries, meats, vegetables and drugs this easy way. And a great many women have found it just as easy to order many other things by telephone.

When the weather's bad, or you wish you could rest instead of going out—let your telephone be your errand boy! You'll find your money goes just as far—and you'll have more time for yourself. New York Telephone Company.

Shop by Telephone

when there are children to take care of and you can't leave them alone—or take them with you—

when there seems to be no end to housework and you can't get a minute to yourself—

when the weather is cold and blustery and you'd rather stay indoors than go shopping—

—when streets are slippery and it's a lot of trouble getting the car out and parking—

Pick up your telephone and bring the stores to your door. Storekeepers are anxious to please and you get the same good values.

PLANNING A HOME?
Architects say it's a good idea to specify Concealed Telephone Wiring. It costs little, makes it easy to add future telephones and helps the artistic appearance of the home. For full information just call the Business Office (Dial "811") and ask for "Architects and Builders Service."

NAPTHA-SAP VAC
GENUINE NAPHTHA CLEANING

Why Naphtha?

. . because cleaning in NAPHTHA preserves original beauty and lustre of Oriental and Domestic rugs.

RUGS are drenched for hours in distilled naphtha. Stains dissolve. Dirt and dust are gently removed by continual rinsing in thousands of gallons of naphtha. Cleans surface, pile and back. Destroys moth eggs. It does not remove the natural oils in rugs. Leaves the threads strong and full of life. Colors are restored to their warmth and beauty.

Also, we DRY STEAM every rug and carpet to raise crushed pile. All domestic rugs and carpets resized to insure against limpness.

A naphtha cleaned rug or carpet retains its life and body.

RUG STORAGE—
YOUR GOODS INSURED AGAINST FIRE, THEFT AND PERILS OF TRANSPORTATION . . . OUR MEN BONDED . . . ORIENTAL WEAVING, ALTERING, BINDING . . . TAKING UP AND RELAYING.

Delivery in Brooklyn, Manhattan, Bronx, Queens, Westchester and Long Island.

ASK *your Architect*—
to make provision—*in the plans*—for telephone conduit (inexpensive ordinary pipe) to be placed in the walls when you build. Then you can have modern telephone outlets where you want them. There will be no exposed wiring on base boards or moldings to mar the appearance of your rooms.
After the house is completed, wall insulation, fire stops, and concrete construction may make it impossible to run telephone wiring through walls.
Call the Business Office for complete information. New York Telephone Company.

PLANNING A HOME?

Architects say it's a good idea to specify Concealed Telephone Wiring. It costs little, makes it easy to add future telephones and helps the artistic appearance of the home. For full information just call the Business Office (Dial "211") and ask for "Architects and Builders Service."

DANCE LESSONS

COST NO MORE AT

ARTHUR MURRAY'S

THIS famous school of dancing has become a New York tradition. Arthur Murray's pupils include many people from our best families—smart young debs, society leaders, well-known business and professional men. Here they not only learn how to dance well, but later on return again and again to keep their dancing modern.

In Arthur Murray's pleasant studios you can quickly become a popular, interesting partner, though you may know little or nothing about dancing. His talented, expertly-trained staff has taught thousands of awkward individuals to dance rhythmically, faultlessly.

A few lessons are all you need. And you'll be astonished how little it costs. Rates were never lower. Why not call today for the interesting dance analysis offered *without charge?* Air-conditioned Studios open daily till 10 P.M. MU rray Hill 2-4647.

ARTHUR MURRAY DANCE STUDIO

LEARN TO DANCE

ANYONE can learn to dance beautifully—lead expertly—follow easily.

ANYONE can become a popular partner! It's easy when you know how!

Waltz, Foxtrot, Rhumba, Tango, Conga, Peabody and Lindy Hop taught privately at Brooklyn's leading studio.

BEGINNERS A SPECIALTY

We invite you to come in any time and see for yourself! In fifteen minutes of actual demonstration you will learn more about dancing than in a lifetime of watching and wishing. Experienced teachers bring your dancing up to date . . . improve your lead . . . perfect your rhythm.

LOW RATES . . . OPEN 1 P.M. TO 10 P.M. DAILY

You Can Become a Good Dancer

We teach Conservative dancing only—no jitterbug—no extreme styles. No matter how little you know about dancing, 5 days is all the time it takes one of our talented teachers to make you an expert dancer. And rates are lower than in years. Learn to dance correctly and acquire rhythm, poise—all the newest steps. Partners will then welcome the pleasure of dancing with you. Try a private trial lesson and see how quickly and easily you will learn.
